

# Questions from the sermon from Romans 12:1-2

**October 6, 2019**

Is my life oriented around what is convenient and comfortable for me, or what will most honor God?

Does what I give to God cost me anything?

In what ways does my life tangibly differ from the culture around me?

What time and space do I give to Jesus to allow him to bring transformation to my life?

What role, if any, does my community play in keeping me accountable to a life of worship and service?

What spheres or sections of my life do I view as off limits to God?
